

Industrial High-Brightness LCD Screen 15-Inch 800 Brightness LCD Screen

Basic Information

- Place of Origin:
- Brand Name:
- Certification:
- Model Number:
- Shen Zhen
- Skipsoul
- CE/ FCC/UL/ ROHS G150XVN01.0

Product Specification

- Size:
- 15 Inch 1024*768 • Resolution: Screen Proportion: 43 • Brightness: 800cd/m2 H:178°V:178° • Viewing Angle: • Signal Interface: LVDS Backlight: LED • Highlight: Industrial High Brightness LCD Screen, 15in High Brightness LCD Screen, 800cd/M2 high brightness lcd monitor

Industrial High-Brightness LCD Screen 15-Inch 800 Brightness LCD Screen

15-inch High-Brightness LCD Screen with 800 nits

In industrial settings, having reliable and durable display solutions is crucial for efficient operations. The advent of high-brightness LCD screens has revolutionized the way industries tackle visibility challenges in demanding environments. In this article, we delve into the features and benefits of a 15-inch high-brightness LCD screen boasting 800 nits, specifically designed to meet the unique requirements of industrial applications.

Unleashing High-Brightness Brilliance

The 15-inch high-brightness LCD screen with 800 nits offers exceptional luminance, ensuring optimal visibility in environments with high ambient light or direct sunlight.

Enhanced Durability and Reliability

Industrial environments can be harsh, and characterized by vibrations, temperature fluctuations, and exposure to dust or moisture. The 15-inch high-brightness LCD screen is engineered to withstand these challenging conditions. It features robust construction and is built to meet stringent industrial standards, ensuring long-term reliability and uninterrupted performance even in rugged environments.

Optimized for Industrial Applications

The 15-inch high-brightness LCD screen finds applications across various industrial sectors. Here are a few areas where it can significantly benefit:

1. HMI Displays: Human-machine interface (HMI) systems are a vital component in industrial control and automation. The high-brightness LCD screen enables operators to interact with the control systems effortlessly, even in brightly lit environments.

2. Outdoor Monitoring and Surveillance: Industrial facilities often require outdoor monitoring and surveillance systems. The high-brightness LCD screen's ability to combat direct sunlight makes it an ideal choice for outdoor monitoring applications. Operators can monitor critical areas and access real-time video feeds without compromising visibility.

3. Industrial Machinery and Equipment: Machinery operators heavily rely on display screens to monitor performance, access controls, and troubleshoot issues. The 15-inch high-brightness LCD screen with 800 nits brings superior visibility and durability to industrial environments. productivity.

Paramete	ers
Brand	Custom/OEM
Product Color	
Backlight source	TFT-LED
Screen size	15 inch
Screen proportion	4:3
Backlight	LED
Resolution	1024*768
Brightness	800cd/m2
Contract	1000:1
Viewing angle	H:178°V:178°
Color temperature	16.7M
Brushing	60Hz
Scanning method	Progressive scan
Response Time	3ms
Other interfaces	LVDS
Power consumption	n parameters
Environmental conditions	Work temperature: -10 to 70°C
	Working humidity: -10 to 70°C
	Save temperature: -10 to 70°C
	Save humidity: -10 to 70°C
	110V-240V -DC12V
Power	electricity :
	Machine power consumption: 30W

FAQ

Q: How can I get the price?

A: We usually give you a quotation within 24 hours after receiving the inquiry (except weekends and holidays), if you need a

quotation urgently, you can contact us by mail or other means.

Q: What is the minimum order?

A: Our company mainly deals in wholesale business, but if you insist on buying one, or you only need one set, we will also deliver the goods to you.

Q: Can I buy a prototype to test before buying in bulk?

A: Yes, please feel free to contact us.

Q: What payment methods do you accept?

A: Our company supports most payment methods, but usually accepts T/T, PayPal.

Q: What are your shipping methods?

A: We support sea, air, rail transportation, and express delivery, and also help customers to use their own logistics forwarders. Please confirm with us before placing an order.

Q: I would like to ask you if it's possible to have my logo on the product.

A: Yes, we support OEM and special customization, so we can design, produce, and process according to customer's requirements. Of course, custom logos on the box and instruction manual are also included.

Q: What is your delivery time?

A: It depends on the quantity of your order and the season. Usually, small quantities will be shipped within 5 to 15 days, and large quantities will be delivered within about 30 days. All in all, the delivery time will not exceed the time agreed between us and the buyer.
