15.6-Inch Open Frame Monitor

In industrial environments, having reliable and robust display solutions is crucial for maximizing productivity and efficiency. The 15.6-inch Open Frame Monitor offers a powerful and versatile display solution specifically designed to meet the demands of industrial applications. In this article, we will explore the features and benefits of the Open Frame Industrial 15.6-inch all-in-one PC, highlighting its rugged design, superior performance, connectivity options, and suitability for industrial environments.

Rugged Design for Industrial Applications

The 15.6-inch open-frame monitor is built to withstand the rigors of industrial environments. It features a ruggedized construction with an open-frame design, making it resistant to dust, moisture, and mechanical vibrations.

Superior Performance and Visual Clarity

Equipped with high-performance components, the 15.6-inch Industrial Monitor delivers superior performance and visual clarity. With a high-resolution display and advanced graphics capabilities, it offers sharp images, vibrant colors, and excellent contrast.

Wide Range of Connectivity Options

The 15.6-inch open-frame monitor provides a wide range of connectivity options to accommodate various industrial systems and devices. It typically features multiple ports such as HDMI, VGA, USB, and serial ports, enabling seamless integration with industrial computers, embedded systems, PLCs, and other equipment.

Conclusion

The 15.6-inch Industrial monitor is a powerful and reliable display solution tailored for industrial applications. Whether used in manufacturing facilities, control rooms, automation systems, or outdoor installations, the 15.6-inch Open Frame Monitor empowers productivity and enhances visualization, contributing to improved efficiency and success in industrial operations.

Brightness	300cd/m2
Contrat	1000:1
Viewing angle	H:178°V:178°
Color temperature	16.7M
Brushing	60Hz
Scanning method	Progressive scan
Response Time	3ms
Other interfaces	HD
Open Frame Industrial 15.6 Inch Monitor Computer PC All In One Machine	
Environmental conditions	Work temperature: -0 to 70°C
	Working humidity: -0 to 70°C
	Save temperature: -0 to 70°C
	Save humidity: -0 to 70°C
Power	DC12V
	electricity: 2.6 A
	Machine power consumption: 31W

FAQ

Q: How can I get the price?

A: We usually give you a quotation within 24 hours after receiving the inquiry (except weekends and holidays), if you need a quotation urgently, you can contact us by mail or other means.

Q: What is the minimum order?

A: Our company mainly deals in wholesale business, but if you insist on buying one, or you only need one set, we will also deliver the goods to you.

Q: Can I buy a prototype to test before buying in bulk?

A: Yes, please feel free to contact us.

Q: What payment methods do you accept?

A: Our company supports most payment methods, but usually accepts T/T, PayPal.

Q: What are your shipping methods?

A: We support sea, air, rail transportation, and express delivery, and we also help customers to use their own logistics forwarders. Please confirm with us before placing an order.

Q: I would like to ask you if it's possible to have my logo on the product.

A: Yes, we support OEM and special customization so that we can design, produce, and process according to customer's requirements. Of course, custom logos on the box and instruction manual are also included.

Q: What is your delivery time?

A: It depends on your order quantity and order season. Usually, small quantities will be shipped within 5 to 15 days, and large quantities will be delivered within about 30 days. All in all, the delivery time will not exceed the time agreed between us and the buyer.
