Product Description

27 Inch Desktop Monitor 100hz 144hz Gaming Pc Monitor With Rotating Lifting Base

Display Size and Resolution

The monitor features a 27-inch screen size, providing ample screen real estate for immersive gaming experiences. The Full HD resolution of 1920x1080 pixels ensures sharp and detailed visuals.

Variable Refresh Rate

The 27 inch desktop monitor offers a variable refresh rate, which can range from 100Hz to 144Hz. A higher refresh rate allows for smoother motion and reduces motion blur during fast-paced gaming.

Rotation Capability

The 27 inch gaming monitor can rotate, allowing you to switch between landscape and portrait orientations. This feature is useful for various tasks, such as coding, graphic design, or reading lengthy documents.

Height Adjustment

The 144hz gaming monitor offers height adjustment functionality, enabling you to raise or lower the screen to a comfortable viewing position. This feature helps in achieving proper ergonomics and reduces strain on your neck and eyes during extended gaming sessions.

Response Time

Gaming monitors typically have low response times to minimize motion blur and ghosting. Monitors in this range usually have response times of 1ms to 3ms, ensuring quick and smooth transitions between frames.

Additional Features

Depending on the specific model, the 27 inch gaming monitor may include additional features such as built-in speakers, USB ports for peripheral connectivity, adjustable stands for ergonomic positioning, and customizable RGB lighting effects.

FAQ

Q:How can I get the price?

A:We usually give you a quotation within 24 hours after receiving the inquiry (except weekends and holidays), if you need a quotation urgently, you can contact us by mail or other means.

Q:What is the minimum order?

A:Our company mainly deals in wholesale business, but if you insist on buying one, or you only need one set, we will also deliver the goods to you.

Q:Can I buy a prototype to test before buying in bulk?

A:Yes, please feel free to contact us.

Q:What payment methods do you accept?

A:Our company supports most payment methods, but usually accepts T/T, PayPal.

Q:What are your shipping methods?

A:We support sea, air, rail transportation and express delivery, and also support customers to use their own logistics forwarders. Please confirm with us before placing an order.

Q:I would like to ask you if it's possible to have my logo on the product.

A:Yes, we support OEM and special customization, so we can design, produce and process according to customer's requirements. Of course, custom logos on the box and instruction manual are also included.

Q:What is your delivery time?

A:It depends on your order quantity and order season. Usually small quantities will be shipped within 5 to 15 days, and large quantities will be delivered within about 30 days. All in all, the delivery time will not exceed the time agreed between us and the buyer.
