## Product Description

### Custom 27 Inch Curved Gaming Monitor 100Hz 144Hz LED Monitor White Computer Screen Monitor

#### Curved Gaming Monitor

The 144hz gaming monitor features a curved design, providing an immersive viewing experience. The curvature wraps the display around your field of vision, offering a wider viewing angle and enhancing depth perception.

#### Display Size and Resolution

The gaming monitor has a 27-inch screen size, offering ample screen real estate for gaming, multimedia, and productivity tasks. The resolution can vary, but for this example, let's assume it has a Full HD resolution of 1920x1080 pixels, delivering sharp and detailed visuals.

#### High Refresh Rate

The 27-inch curved gaming monitor offers a high refresh rate of 100Hz to 144Hz. A higher refresh rate allows for smoother motion, reducing motion blur and providing a more fluid gaming experience. It also results in more responsive cursor movements and improved overall visual clarity.

#### Viewing Comfort

The 27-inch gaming monitor's curvature helps reduce eye strain by providing a more natural viewing experience. It brings the edges of the screen closer to your peripheral vision, reducing the need for constant head movement.

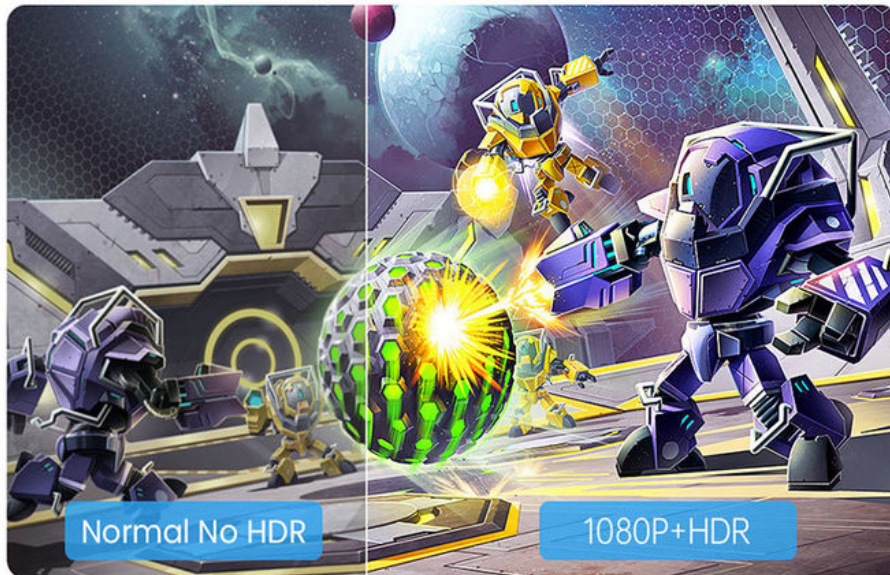

#### Additional Features

Depending on the specific model, the curved gaming monitor may include additional features such as built-in speakers, adjustable stands for ergonomic positioning, blue light filters to reduce eye fatigue, and customizable picture modes for different use cases.

	Machine power consumption: 25-45W

# 1080P+HDR Image Quality

With 1920×1080P high-definition resolution, it displays higher content and fewer particles than resolutions lower than it. HDR creates more accurate color performance.

## FAQ

**Q: How can I get the price?**

A: We usually give you a quotation within 24 hours after receiving the inquiry (except weekends and holidays), if you need a quotation urgently, you can contact us by mail or other means.

**Q: What is the minimum order?**

A: Our company mainly deals in wholesale business, but if you insist on buying one, or you only need one set, we will also deliver the goods to you.

**Q: Can I buy a prototype to test before buying in bulk?**

A: Yes, please feel free to contact us.

**Q: What payment methods do you accept?**

A: Our company supports most payment methods, but usually accepts T/T, PayPal.

**Q: What are your shipping methods?**

A: We support sea, air, rail transportation, and express delivery, and also support customers to use their own logistics forwarders. Please confirm with us before placing an order.

**Q: I would like to ask you if it's possible to have my logo on the product.**

A: Yes, we support OEM and special customization, so we can design, produce, and process according to customer's requirements. Of course, custom logos on the box and instruction manual are also included.

**Q: What is your delivery time?**

A: It depends on your order quantity and order season. Usually, small quantities will be shipped within 5 to 15 days, and large quantities will be delivered within about 30 days. All in all, the delivery time will not exceed the time agreed between us and the buyer.
