## Product Description

### 15 Inch Led Monitor With IPS Screen VESA Wall Desktop HDMI VGA Port

#### IPS Panel Technology

The 15 inch led monitor features an IPS (In-Plane Switching) panel, which provides superior color accuracy, wide viewing angles, and excellent image quality. This ensures consistent and vibrant colors, making it suitable for tasks that require accurate color representation, such as graphic design or photo editing.

#### Clear Display

The 15 inch monitor offers a resolution of 1024x768 pixels, delivering clear and detailed visuals. While it does not provide full HD resolution, it is sufficient for basic office tasks like document editing, web browsing, or multimedia playback.

#### Standard Refresh Rate

The 15 inch led monitor has a refresh rate of 60Hz, which is the standard for most monitors. While it may not offer the same smoothness as higher refresh rates, it is suitable for general office use and tasks that do not involve fast motion.

#### Wall-Mountable Design

The 15 inch monitor is designed to be wall-mountable, allowing you to save desk space and achieve a clean and organized workspace. It comes with the necessary VESA mount compatibility, making it easy to attach to a wall or monitor arm for optimal positioning and ergonomics.

#### Compact and Portable

The 15-inch size of the monitor makes it compact and portable, ideal for users who require a secondary display or need to work on the go. Its small form factor allows for easy transportation and setup in various work environments.

15 Inch LED Monitor	
Brand	OEM/ODM
Product color	Black
Backlight source	LED

## FAQ

### Q:How can I get the price?

A:We usually give you a quotation within 24 hours after receiving the inquiry (except weekends and holidays), if you need a quotation urgently, you can contact us by mail or other means.

### Q:What is the minimum order?

A:Our company mainly deals in wholesale business, but if you insist on buying one, or you only need one set, we will also deliver the goods to you.

### Q:Can I buy a prototype to test before buying in bulk?

A:Yes, please feel free to contact us.

### Q:What payment methods do you accept?

A:Our company supports most payment methods, but usually accepts T/T, PayPal.

### Q:What are your shipping methods?

A:We support sea, air, rail transportation and express delivery, and also support customers to use their own logistics forwarders. Please confirm with us before placing an order.

### Q:I would like to ask you if it's possible to have my logo on the product.

A:Yes, we support OEM and special customization, so we can design, produce and process according to customer's requirements. Of course, custom logos on the box and instruction manual are also included.

### Q:What is your delivery time?

A:It depends on your order quantity and order season. Usually small quantities will be shipped within 5 to 15 days, and large quantities will be delivered within about 30 days. All in all, the delivery time will not exceed the time agreed between us and the buyer.
