Product Description

Supplier Custom 43 Inch Curved Touch Screen Monitor 1920*1080p J-Type R1500 Capacitive Curved Touch Screen For Skilled Games Machine

43-inch Curved Touch Screen Display

Elevate your viewing experience with our cutting-edge 43-inch curved touchscreen monitor, a "marquee display." This innovative product offers a panoramic and immersive visual experience that captivates users.

High-Resolution Display

Our 43-inch j-type curved touchscreen monitor's spacious display area is 942.2mm (H) × 530.4mm (V). It features a 16:9 aspect ratio and a crystal-clear resolution of 1920×1080 pixels. Enjoy stunning clarity and detail in every image and video.

Vivid Visuals and Enhanced Contrast

The curved touch screen experiences vibrant and lifelike visuals with a brightness of 300cd/ and a contrast ratio of 1200:1. The LED backlight technology ensures optimal brightness while enhancing contrast for rich, dynamic colors.

Responsive Touch Technology

Thanks to responsive touch technology, you can seamlessly interact with your content with a quick 6ms response time. This feature enables smooth and precise touch responses, making navigation and interaction effortless.

Exceptional Color Accuracy and Viewing Angles

With a color depth of 1.07 billion colors and a pixel pitch of 0.27963mm (H) × 0.27963mm (V), our monitor curved touch screen delivers exceptional color accuracy and sharpness. Enjoy a wide viewing angle of 178°/178° (horizontal/vertical) for consistent image quality from any perspective.

Long-Lasting Performance

Built to last, our 43-inch curved touchscreen monitor features an LED backlight with a lifespan exceeding 50,000 hours, ensuring reliable performance over an extended period. Whether for professional use or entertainment, this display is designed to meet your needs.

	Brightness	300cd/
	Contrast	1200:1
	Display Area	942.2 (H) × 530.4 (V) mm
	Display Ratio	16:9
	Backlight	LED
	Response Time	6ms
	Color	1.07B
	Viewing Angle	178°(H)/178°(V)
	Backlight Life	≥50,000H
	Dot Moment	0.27963 (H) × 0.27963 (V) mm
	Overall Size	1010.6*603.1*145.3mm
Capacitive screen parameters	Packaging Size	1075*700*220mm
	Appearance	Capacitor + aluminum frame + sheet metal shell
	Touch Solution	Projected G+FF capacitive touch technology
	Response Time	<5ms
	Number of touchpoints	Standard 10-point touch (can zoom in and out pictures, etc.)
	Effective touch recognition	>1.5mm
	Scanning frequency	200HZ
	Scanning accuracy	4096 × 4096
	Communication method	Full-speed USB2.0, USB3.0
	Theoretical number of clicks	More than 50 million
	Working current/voltage	180Ma/DC+5V+/-5%
	Anti-light interference	Normal when strong light such as sunlight, incandescent lamps, or fluorescent lamps changes
	Touch data output method	Coordinate output
	Surface hardness	Tempered glass, Mohs 7 explosion-proof glass
External interface	Operating system	compatibility Android system/Windows system
	Driver	Driver-free, plug-and-play
	HDMI input 1	VGA input 1

	3M card	12 years of industry experience
		Countless motherboard tests
		USB/serial port-free switching
		Touch direction button adjustment
		USB/TTL/UUPD/RS232
		Full tracking service, special program customization (remote/on-site) adaptation
	Light card	Computer control signal output
		More than 300 lighting modes are available
		Can be connected to machine light strips and display light strips simultaneously
		Can connect 8 light strips, each with 1200 lamp beads

Multiple Size

FAQ

Q: How can I get the price?

A: We usually give you a quotation within 24 hours after receiving the inquiry (except weekends and holidays), if you need a quotation urgently, you can contact us by mail or other means.

Q: What is the minimum order?

A: Our company mainly deals in wholesale business, but if you insist on buying one, or you only need one set, we will also deliver the goods to you.

Q: Can I buy a prototype to test before buying in bulk?

A: Yes, please feel free to contact us.

Q: What payment methods do you accept?

A: Our company supports most payment methods, but usually accepts T/T, PayPal.

Q: What are your shipping methods?

A: We support sea, air, and rail transportation and express delivery, and we also allow customers to use their own logistics forwarders. Please confirm with us before placing an order.

Q: I would like to ask you if it's possible to have my logo on the product.

A: Yes, we support OEM and special customization to design, produce, and process according to customer's requirements. Of course, custom logos on the box and instruction manual are also included.

Q: What is your delivery time?

A: It depends on the quantity of your order and the season. Usually, small amounts are shipped within 5 to 15 days, and large quantities are delivered within about 30 days. The delivery time will not exceed the agreed-upon time between the buyer and us.
