Product Description

The Ultimate Display: 34-inch 4K 180Hz Monitor

In today, where high-performance displays are essential for gaming, content creation, and professional tasks, the 34-inch 4K 144Hz monitor stands out as a powerhouse of technology. With its ultra-wide resolution, fast refresh rate, and immersive design, it provides an unmatched experience for users who demand both quality and efficiency.

Immersive 4K Ultra-Wide Resolution

One of the most remarkable features of this monitor is its 3440x1440 resolution, which delivers stunning clarity and vivid colors. The 32:9 ultra-wide aspect ratio offers the same screen real estate as two 27-inch 1440p monitors placed side by side, eliminating the need for dual screens. This makes multitasking seamless, as users can work with multiple windows open simultaneously.

180Hz Refresh Rate: Smooth and Responsive

A 165Hz refresh rate is a game-changer for gamers and professionals alike. Unlike standard 60Hz or 120Hz displays, a 144Hz monitor refreshes frames at a much higher rate, resulting in smoother motion and reduced input lag. This is particularly beneficial for competitive gaming, where fast reaction times are crucial.

Gaming-Specific Features

The 180hz curved gaming monitor may include gaming-specific features such as customizable crosshairs, game presets, and on-screen overlays. These features help optimize your gaming experience by providing visual aids and quick access to settings, allowing you to fine-tune the display to your preferences.

Eye Care Technologies

The 34-inch curved gaming monitor incorporates eye care technologies to reduce eye strain during long gaming sessions. These features may include flicker-free backlighting and low blue light filters, which help minimize eye fatigue and provide a more comfortable viewing experience.

34-inch 144hz Curved Gaming Monitor

Brand	OEM/ODM
Product Color	Black
Backlight source	LED
Screen size	34 inch 180hz Curved Gaming Monitor
Screen proportion	21:9

FAQ

Q:How can I get the price?

A:We usually give you a quotation within 24 hours after receiving the inquiry (except weekends and holidays), if you need a quotation urgently, you can contact us by mail or other means.

Q:What is the minimum order?

A:Our company mainly deals in wholesale business, but if you insist on buying one, or you only need one set, we will also deliver the goods to you.

Q:Can I buy a prototype to test before buying in bulk?

A:Yes, please feel free to contact us.

Q:What payment methods do you accept?

A:Our company supports most payment methods, but usually accepts T/T, PayPal.

Q:What are your shipping methods?

A:We support sea, air, rail transportation and express delivery, and also support customers to use their own logistics forwarders. Please confirm with us before placing an order.

Q:I would like to ask you if it's possible to have my logo on the product.

A:Yes, we support OEM and special customization, so we can design, produce and process according to customer's requirements. Of course, custom logos on the box and instruction manual are also included.

Q:What is your delivery time?

A:It depends on your order quantity and order season. Usually small quantities will be shipped within 5 to 15 days, and large quantities will be delivered within about 30 days. All in all, the delivery time will not exceed the time agreed between us and the buyer.
